Community Meetings

Results of Community Meetings & Surveys

Community Garden Space - Essential Elements

- Welcoming, gathering space in the garden accessible upon entering garden
- Space for children's programming, teaching & learning in garden
- Wheel chair access
- Walkway from Stellman Road

Important – not expressed as essential

- Some shade
- Benches for sitting, attention to needs of elders
- Easy access to tools and compost
- Large garden plots that individuals or groups might share
- No locks
- Use garden to bring community together, renters and owners
- Strawberries
- No infringement to other users of park

Exciting Ideas – not expressed as essential

- Orchard
- As open as possible
- Space for art installations or performances
- Welcoming entrance
- Easy access to water
- Landscaping beyond veggies, make an attractive space
- Broad issue: how people in the neighborhood relate; want to bring them together
- Natives, organic if possible
